

Bay Valley Foods

Canned Puddings and Cheese Sauces	Increase +5%
-----------------------------------	--------------

The percentage of change is due to the increase in raw materials.

Domino Foods

Bulk Granulated, Confectioner, Brown and other bulk Sugars	Decrease -9%
--	--------------

Worldwide sugar production has been at record highs. This has forced many countries to export sugar. Sugar supply is exceeding demand and thus the prices are dropping.

Regional Bakery

LaRonga Bakery (Artisan breads)	Decrease -4%
---------------------------------	--------------

Calise & Sons Bakery (breads, buns, rolls, other)	Increase +2%
---	--------------

Morabito (specialty breads)	Increase +2%
-----------------------------	--------------

Regional Bakery pricing adjustments are a result of increased wheat and flour costs.

Shasta Sales, Inc.

Carbonated Soft Drinks 8 oz. and 1 liter, La Croix Sparkling Flavored Water	Decrease -7.4%
---	----------------

Entegra has been able to work with this partner to negotiate lower pricing through an extensive RFP process.

Commodity Driven Contracts

Commodity Driven Contracts The contracts below are formula-based, reflect the markets and change monthly or quarterly. We will not always provide an explanation for pricing changes, as the pricing of these programs continually ebbs and flows with the markets. A yearlong snapshot of pricing gives the most appropriate view of the benefits associated with entegra's negotiated pricing, and the monthly pricing reflected does not portray the full year benefit. However, we do want to keep you informed so you can make menu and pricing adjustments as appropriate for your facilities.

Cargill

Ground Beef	No change
-------------	-----------

Stew Beef Cube Steaks & Beef Strips	Flat to down 1.1%
-------------------------------------	-------------------

Beef prices are continuing to hold steady. While wholesale prices have recently hit their highest level since 2003, it appears as though consumer demand has tempered major price movement. The total U.S. domestic cattle herd is still at historic lows, which puts inventory and supply at risk for the next several seasonal cycles.

Cheese Updates

Schreiber Foods, Inc. (Processed Cheese)	Increase +5.24%
--	-----------------

Great Lakes (Natural Cheese)	Increase +1.45%
------------------------------	-----------------

Prices on cheese, both block and barrel, have advanced over the last month due to the impact of New Zealand's drought that has created an opportunity for new exports from the U.S. As export cheese is made to order, this has tightened the fresh cheese market, which has left less cheese to come to the Chicago Mercantile Exchange (CME) for sale. Although New Zealand has received some good rains as of late, they still need more through their fall into winter season to ensure regrowth of pastures when they head into their new production season in June. Until the market is confident this will occur, international prices will likely remain at a premium to the U.S., which will create further export demand from the U.S.

Darling International

Kitchen Grease Pick Up Service	No Charge
--------------------------------	-----------

The Jacobson Index average for the last 30 days did not meet the threshold to trigger the monthly fee. This means that Darling and Darling Sub-Contractors will pick up waste oil at locations during this month at NO CHARGE.

Farmland

Raw & Cooked Bacon	Increase +3.8%
Breakfast Sausage	Increase +2%
Ham & Deli Meats	Increase +2.4%
Fabricated Pork (ie Chops & Tenderloins)	Increase +3.8%
Hot Dogs, Sausage, & Pizza Toppings	Increase +2%
Fresh Pork	Increase +5%

Strong foodservice demand, as well as a new presence for pre-cooked bacon in the Quick Service Restaurant (QSR) category, have recently driven tight supplies. Expect belly (source of bacon) markets to remain strong through the summer months, which is peak bacon season. Retail demand heading into grilling season and holiday weekends have kept the markets strong for hams, fabricated and fresh pork. Trim (raw materials for sausages and other ground pork products) markets have been relatively stable to weak, while minimal export interest has not allowed for extreme swings but a gradual strengthening instead.

Koch Foods

Bone in Breaded	No Change
Bone in Raw	No Change
Breaded Boneless Breast	No Change
Breaded Nuggets and Patties	No Change
Raw Boneless	Increase +0.69%
Pulled, Diced and Cooked Strips	No Change
Breaded Strips	Increase +0.23%
Cooked Unbreaded Breasts and Patties	Increase +1.57%
Wings	Decrease -0.17%
CVP	Increase +10.50%

Kraft Foods

Cream Cheese	No Change
--------------	-----------

Ventura Foods

Bulk Margarine	Decrease -0.14%
Oil, Shortening	Decrease -0.59%
